Student Learning Outcomes

- A successful student will be able to critically examine verbal and nonverbal communication.
- A successful student will be able to analyze forms of communication in various contexts.

Description

Exploration of the nature and history of human communication in multiple forms and contexts. Critical examination of speech and communication theories, methods, and processes. Overview of research methods for the evaluation of human communication phenomena. Discussion of ethical perspectives and intercultural aspects of communication. Application of communication theory through critically evaluated exercises and oral presentations.

Course Objectives

The student will be able to:

1. Understand theoretical foundations of knowledge creation, including canons of rhetoric and Aristotelian proofs (ethos, pathos, logos).
2. Critically examine and use supporting materials from primary and secondary sources for credibility in speeches.
3. Effectively advance written and oral arguments in supporting of guiding thesis, applying audience analysis, and occasion in diverse contexts.
4. Adhere to ethical communication practices, emphasizing truthfulness, accuracy, honesty, and reason.
5. Demonstrate rhetorical sensitivity to diversity, equity, inclusion, belonging, and accessibility.
6. Practice and refine concepts through faculty-supervised speeches delivered to live audiences, using effective delivery techniques.

7. Utilize effective verbal and non-verbal skills in speech presentations while successfully managing and mitigating communication anxiety.
8. Engage in critical listening to offer constructive feedback to peers.
9. Understand and apply interpersonal communication competence skills toward productive interactions and relational maintenance.
10. Demonstrate an understanding of group dynamics and group communication.

Course Content

1. Introduction to communication studies
 - a. Historical background and forms
 - b. The process of communication
 - c. The perception process
 - d. Principles of communication
 - e. Competence in communication
 - f. Aristotelian proofs
2. Speech preparation
 - a. Choosing and refining a topic
 - b. Gathering supporting materials
 - c. Practicing ethical communication
 - d. Being rhetorically attuned to diversity, equity, inclusion, belonging, and accessibility
 - e. Creating an outline
