## Description

This low-intermediate course focuses on English communication skills within the context of child care and parenting. Students develop skills in reading, writing, listening and speaking while practicing English grammar and vocabulary for communicating with and about children on topics including young children at different stages of development. This course is part of a sequence of courses designed to prepare students for child development coursework and/or jobs in the child care field.

## Course Objectives

The student will be able to:

1. Respond appropriately to verbal instructions, requests, and questions from children, parents, supervisors, or co-workers.
2. Demonstrate understanding of and utilize language functions which are useful for children at various developmental stages.
3. Apply appropriate vocabulary and grammar related to daily tasks and topics in social and occupational situations to initiate and maintain conversations with peers, co-workers, parents, and children.
4. Demonstrate the ability to comprehend children's literature, as well as college-level texts on child development or parenting topics and related vocabulary.
5. Produce oral and written messages about children and to children with increased control of specific grammatical structures.
