Student Learning Outcomes

- Understand the fluids, nutrients and caloric requirements for training

Description

Explanation of all phases of running; improve cardiovascular fitness, increase flexibility, develop endurance; introduction to the physiologic responses of the body to running.

Course Objectives

The student will be able to:

a. Understand the health benefits of running
b. Understand the physiologic responses of the body to running
c. Understand the four principles of successful training
d. Develop and practice a training plan
e. Understand the idea of periodization
f. Understand the risk, prevention, and treatments of running and training injuries
g. Study the fluids, nutrients, and caloric requirements for training and ideal weight

Course Content

a. Health benefits
   i. Improved cardiovascular endurance
   ii. Enhanced body composition
   iii. Improved muscular system
b. Understand the physiologic responses of the body to running
   i. Biomechanical differences of gender, age, and training
   ii. Using VO2 Max

Lab Content

Lab content may include but is not limited to:

a. Calculating fluid loss
b. Hard/easy
c. Walk/run
d. Training plan

Special Facilities and/or Equipment

1. Appropriate shoes and clothing for training.
2. When taught as an online distance learning or hybrid section, students and faculty need ongoing and continuous internet and email access.

Method(s) of Evaluation

Methods of Evaluation may include but are not limited to the following:

Training log
Short and long term goals for three recreational runs
Participation in class training sessions

Method(s) of Instruction

Methods of Instruction may include but are not limited to the following:

Lecture
Laboratory
Demonstration

Representative Text(s) and Other Materials

Although this text is older than the suggested "5 years or newer" standard, it remains a seminal text in this area of study.

**Types and/or Examples of Required Reading, Writing, and Outside of Class Assignments**

a. The student will be asked to keep a journal of their running schedule

**Discipline(s)**

Physical Education
