## PHYS 72R: INDEPENDENT STUDY IN PHYSICS

### **Foothill College Course Outline of Record**

Heading	Value
Effective Term:	Summer 2024
Units:	3
Hours:	9 laboratory per week (108 total per quarter)
Degree & Credit Status:	Degree-Applicable Credit Course
Foothill GE:	Non-GE
Transferable:	CSU
Grade Type:	Letter Grade (Request for Pass/No Pass)
Repeatability:	Not Repeatable

#### **Student Learning Outcomes**

- Student communicates the process and/or results of scientific reasoning in an audience appropriate manner.
- · Students demonstrate aspects of scientific research.

#### **Description**

Provides an opportunity for the student to expand their studies in Physics beyond the classroom by completing a project or an assignment arranged by agreement between the student and instructor. The student is required to contract with the instructor to determine the scope of assignment and the unit value assigned for successful completion. Students may take a maximum of 6 units of Independent Study per department.

#### **Course Objectives**

The student will be able to:

- 1. Plan an independent study project in Physics.
- Conduct the study by means of literature research, fieldwork, or laboratory work, or other means mutually agreed upon in the studentfaculty contract as appropriate for the discipline.
- Present the results of the study in a written or oral report or by some other means as determined by the contract.

#### **Course Content**

This course is based on independent research or course of study related to the topics outlined in the student contract.

#### **Lab Content**

Not applicable.

#### **Special Facilities and/or Equipment**

When taught via Foothill Global Access, on-going access to computer with email software and hardware; email address

#### **Method(s) of Evaluation**

Methods of Evaluation may include but are not limited to the following:

Evaluation is based on the completion of the scope of work described in the student-faculty contract

#### Method(s) of Instruction

Methods of Instruction may include but are not limited to the following:

Independent study as defined in the student-faculty contract

### Representative Text(s) and Other Materials

Text will vary with content.

# Types and/or Examples of Required Reading, Writing, and Outside of Class Assignments

This course requires research, analysis, field study, portfolio, or other independent assignments of an agreed upon college-level subject.

#### Discipline(s)

Physics/Astronomy
