

ART HISTORY, AA-T

Program Description

The study of Art History provides the student with an awareness of art, economic, political, religious, and social history, an increased sensitivity to art-related issues, and the ability to think critically about art and Art History. Knowledge of Art History engenders a heightened understanding of history, a familiarity with the major issues in human cultural development, and the exposure to the artistic expression of varied cultures and civilizations.

Students who complete the Associate in Arts in Art History for Transfer degree will be ensured preferential transfer status to CSUs for Art History majors and majors in related disciplines. The Associate in Arts in Art History for Transfer degree requirements will fulfill the lower division requirements at CSUs. Students are advised, however, to meet with a counselor to assess the course requirements for specific CSUs.
