

# HISTORY, AA-T

## Program Description

The Associate in Arts in History for Transfer degree will prepare students for transfer to many California State Universities (CSUs). Students who complete the Associate in Arts in History for Transfer degree will be ensured preferential transfer status to CSUs as history majors and majors in related disciplines. The Associate in Arts in History for Transfer degree requirements will fulfill the lower division major requirements at many CSUs. Students are advised, however, to meet with a counselor to assess the course requirements for a specific CSU.

The Associate in Arts in History for Transfer degree will enable students to develop skills in analyzing primary and secondary sources, identifying arguments and points of view, and conducting historical research. In addition, a strong background in history will enable students to put events and developments into their historical context and to synthesize these events and developments in order to reach rational and fact-based conclusions. More broadly, students will develop strong critical thinking, communication, and problem-solving skills that will prepare them for the requirements of upper division course work.
