

NON-CREDIT: THEATRE TECHNOLOGY

Program Description

The noncredit Certificate of Completion in Theatre Technology prepares students for careers in theatre technology by providing courses that meet workforce needs. The program provides a strong foundation in a variety of technical theatre disciplines and offers students the option to focus on an area of their choice, such as scenic carpentry, scenic art, properties, costumes, makeup, lighting, or sound. Coursework covers the art of technical theatre as well as modern theatre equipment and software. Students gain hands-on experience and build their resumes by working on Theatre Arts Department productions. This certificate is ideal for people beginning careers in technical theatre, as well as people currently working or volunteering in the theatre field who wish to update their skills.

Learn more about the program at the [Theatre Arts website](#).

Program Learning Outcomes

- Graduates will be able to safely operate professional theatre equipment and software in the creation of scenery, properties, costumes, makeup, lighting, and/or sound for theatre.
- Graduates will be able to demonstrate the ability to collaborate with theatre colleagues to create and/or execute designs in one or more aspect of technical theatre.
- Graduates will have the knowledge of the professional theatre landscape necessary to secure professional employment, including job research and resume and portfolio preparation.
