

PUBLIC HEALTH, AS-T

Program Description

The Associate in Science in Public Health for Transfer degree prepares students for transfer to California State Universities (CSUs). Students who complete the degree will be ensured preferential transfer status to CSUs for Public Health majors and majors in related disciplines. The Associate in Science in Public Health for Transfer degree requirements will fulfill the lower division major requirements at many CSUs. Students are advised, however, to meet with a counselor to determine the lower division course requirements for specific CSUs. This degree may also provide excellent preparation for other majors. The major in Public Health prepares students for careers in the health professions, local state and federal agencies, health departments, educational institutions, healthcare organizations and health insurance companies, research organizations, crisis agencies, and many other fields. This degree is designed to prepare graduates for public health and related programs at the bachelor's degree level.

Program Learning Outcomes

- Students will be able to identify, assess, utilize and articulate credible information resources on personal and public health current issues, such as the internet, social media, media outlets, and libraries.
- Students will be able to effectively communicate strategies or tactics to improve health inequalities, such as advocacy, community organizing, and policy change.
- Students will obtain a critical understanding of and be able to apply knowledge of personal and public health in real life settings from the sub-disciplines of biology, chemistry, and statistics.

Units Required

- Major: 32-35

Associate Degree Requirements

Associate in Science in Public Health for Transfer requires completion of a minimum of 90 units, including:

- Core and support courses for the major (32-35 units)¹
- Summer Session 2025 only**—CSU General Education Breadth (CSU GE Breadth) or Intersegmental General Education Transfer Curriculum (IGETC)² (49-58 units) (full certification is required)
- Beginning Fall Quarter 2025**—California General Education Transfer Curriculum (Cal-GETC)³ (45 units) (full certification is required)
- Transferable electives necessary to meet the 90-unit minimum requirement

¹ Some units from the core and support courses may be used to satisfy the GE requirement. Please see a counselor for more information.

² Summer Session 2025 is the final term during which CSU GE Breadth and IGETC may be used. Please see a counselor for more information. Important Note: Although it is possible to fulfill the requirements for the Associate Degree for Transfer by completing the IGETC for UC pattern, admission to CSU requires completion of an Oral Communication course (IGETC Area 1C; CSU GE Area A-1); therefore, students who plan

to transfer to CSU should complete this course as part of their GE or elective units.

³ Cal-GETC begins in Fall Quarter 2025. Please see a counselor for more information.

Note: All courses pertaining to the major must be completed with a grade of "C" (or "P") or better. In addition, the student must obtain a minimum GPA of 2.0.
